

Western Colorado Food and Farm Forum

January 24 - 25, 2020

Greetings!

We're pleased to announce the 8th Annual Western Colorado Food and Farm Forum on January 24th and 25th in Montrose, Colorado. **As a valued member of the agricultural community, we hope you'll consider supporting this event as a sponsor.** Producers, educators, and researchers with practical knowledge and regional experience will present at the conference discussing crops, livestock, marketing and management, as well as ag specialty topics. The Forum strives to *improve the holistic production, marketing and consumption of local food.*

Last year, the conference served more than 500 farmers, ranchers and community members. With more attendees expected this year, your business will benefit from this unique marketing opportunity by reaching a targeted audience. Our sponsors have a great deal of visibility including:

- *Your logo on event emails, expected to reach more than 1,000 landowners*
- *350+ program/advertisement booklets distributed*
- *Listing on our webpage (foodfarmforum.org) with the capability to link directly to your business website*
- *Regional coverage and publicity*

We'd love to have your support. We've enclosed materials detailing the sponsor benefits. We will be in touch to answer any questions you might have. To support the future of Western Slope agriculture and secure your spot as a sponsor, please contact the conference coordinator, Amanda Laban alabanvfp@gmail.com - 781.264.1882.

Thank you for your consideration.

Best regards,

Carol Parker, Chair
